Thanks Katrina,

I have also made contact with Pastor Mark Lehmann. He may be emailing you some of his questions. Lori VanWinkle is also preparing some of our attorney's questions (please feel free to contact Lori directly). Hopefully your email will encourage everyone to respond soon.

You, Todd and Amy have been more than gracious with your time answering my questions through the years. I just want everyone else to have the opportunity to discuss their questions as well.

Looking forward to our time together. Thank you so much for making this possible.

Have a blessed evening,

Mark Evans

Mark, thank you for your voicemail clarifying some of the items for discussion.

- [Review and Summary of the Source control Action:](#) In preparation for the meeting, I have attached the slides used for the Public Meeting and the signed Source Control Record of Decision that sets excavation, lead area treatment, and offsite disposal as the selected remedial alternative for the source areas.
- Summary of the impact of this decision on the Church's property.
- Summary of the Future planned actions as they relate to the investigation and cleanup action.
- Discussion of Process questions to be provided by Mike Blaschke.

I also understand from that voicemail, the attorney, Mike Blaschke, has questions and anticipates providing those prior to the meeting.

I will come prepared with site figures, copies of the slides, copies of the ROD, and an updated access agreement for your review.

Thank you for the update.

Mark and company, it will be very helpful to us if you would please list the items you would like to discuss and what additional questions you have about the site. By doing this, we can make sure that we have the necessary information and any visuals we need to help us explain the site and any activities completed and planned.

One topic I anticipate discussing is the Source Control Action that address the lead additive area and identified tank waste areas.

thanks

Todd,

Thank you for your time on the phone yesterday and for your email reminder (with directions to DEQ). We are looking forward to our meeting together in a couple weeks. We sure appreciate you and the entire team working on the Wilcox Superfund Site. We are thankful for all the support.

Have a blessed week!

Mark Evans

Hello everyone.

I am looking forward to our meeting on 9/25/2018 to discuss the Wilcox Oil Company Superfund Site.

I have reserved the 6th floor main conference room (green room) from 1:00pm to 3:00pm.

DEQ is located at 707 N. Robinson Ave. Oklahoma City, Ok. 73101.

Please use the DEQ visitor parking lot across the street (east) of the main entrance.

Once in the building, please check in with the security officer. They will be anticipating your arrival.

If you have any questions or concerns, feel free to call or email me.

See everyone on the 25th!

Thank you.
